adaptations/Adapter/Architecture/abandoned spaces

09:00 - 09:45 - Breakfast

10:00 - 13:00 | **Brainstorming T** - How to create a better world : **Adaptations**

Grupa **Adapter** (Nuremberg) presentation workshop

Adaptations: At the intersection of art and architecture. Temporary actions in the revitalization process”-

Dr Jakub Gołębiewski's presentation will deal with examples of the use of abandoned architectural structures for artistic activities, but also temporary spatial interventions in the form of pavilions and objects that tame and activate disused and degraded spaces

Post presentation discussion

14:00 | Lunch

15:00 - 19:00 | **Brainstorming P** - How to create a better world **Adaptations**

dr Radosław Skalski leads the workshop at the granary

Search for spatial forms referring to the former architecture of the buildings that were part of the granary buildings.

The purpose of the task: to study the spatial relationship between the granary and the formerly surrounding buildings of the granary, to search for the right scale for the seasonal buildings.

free style yoga at the Granary (Zosia Kuligowska)
